

TIPS FOR COMPLETING THE 4-H MEMBER'S SUMMARY

IN GENERAL

- * **ALL** members, except Clovers, **MUST** use the Summary Report.
- * If this was your first year as a regular 4-H member (8 as of January 1), start a new Summary Report. If you used the Summary form last year, begin adding the 2008 information on the same form.
- * You can complete the Summary Report form in three different ways:
 - Use the form off the web. This can be typed or hand written.
 - Get a hard copy of the form from your leader or the 4-H Office.
 - Use the form from the web and complete with your computer.

COVER PAGE

- * **You should complete a new cover page each year.** The cover sheet for this year should read 2008.
- * **Years in 4-H:** List Clover years and regular 4-H years separately.
(for example, 2/5 which means Clover 2/Regular 4-H 5).
- * **County:** Is Howard, even if you live in another County.
- * **Age:** Should be as of January 1, 2008. Remember this record is for calendar year 2008.
- * **Name of 4-H Club(s) or Group(s):** List all Clubs which you are a member.
- * **Name of 4-H Leader(s):** List organizational leader(s) of Clubs to which you belong.
- * **Signatures:** Make sure that your book is signed by you and your parent/guardian before it is submitted to the leader.

SUMMARY SECTIONS

- * For purposes of the Summary, anything done with your local 4-H club is **LOCAL (L)**, like club meetings, Club Workshops, etc., even if it is a county wide club.
- * If you do not have anything to report on a particular section, be sure to write the **YEAR** and **NONE** so the record book judge will know you did not skip the page.
- * Do not list items in more than one section. However, you can list different parts of the same item in different sections. For example, if you are a program leader for a monthly program, the fact that you planned the program could be under Section F, Leadership, and that you introduced the guest speaker or presented part of the program could be under Section B, 4-H Presentations.

* If you are not sure where something should be listed in the report, just use your judgement and place it where you think it fits best. The most important thing is to get the information on the record. However, it is also important not to list the same item in more than one section.
